

3-point belt bracket - 2-Seater frame for Van Conversion

PRODUCT OVERVIEW

Our 3-point belt bracket

For flexible vehicle design.

Our lightweight belt brackets provide space for two passengers and are equipped with secure 3-point seat belts. Depending on the model, they also feature adjustable headrests and ISOFIX anchor points for maximum comfort and safety. The seat frames are specifically designed for installation in the second row. Thanks to the easy and quick assembly on a mounting plate, there are virtually no limits to the positioning of the 2-seater bench.

All models have been tested and approved based on the latest UN/ECE regulations for M1 and M2 vehicles (partially also for N1 and N2 vehicles). This includes ECE R14 and R145, which are part of the framework directive 2007/46/EC.

Currently, you can choose from four models:

BELT BRACKET BASIC & TOP

- Lightweight construction made of high-strength steel
- Tested according to ECE requirements for M1 and N1 vehicles
- 3-point seat belts and ISOFIX
- Model Top: With adjustable headrests
- Includes height adjustment set (120 mm)
- Optional: Seat cushion set with or without cover

BELT BRACKET LIGHT

- Lightweight construction made of high-strength steel
- Tested according to ECE requirements for M1, M2, N1, and N2 vehicles
- 3-point seat belts and ISOFIX
- Adjustable headrests
- Seat leg: Symmetrical or asymmetrical in 303 mm or 423 mm

BELT BRACKET ADVANCED

- Lightweight construction made of high-strength steel
- Tested according to ECE requirements for M1, M2, N1, and N2 vehicles
- 3-point seat belts and ISOFIX
- Adjustable backrest
- Adjustable seats
- Includes seat cushion set with or without cover
- Optional: With armrest

Highlights of the 3-point belt bracket Advanced

The 3-point belt bracket Advanced impresses with innovative features and sets new standards for comfort. Say goodbye to uncomfortable and rigid seating solutions in your camper van!

The belt bracket Advanced easily adapts to your needs: The seats can be shifted sideways, as well as forward and backward on the frame. This allows your passengers to enjoy a comfortable ride with plenty of space and freedom of movement.

Once you arrive at the campsite, the seats can be quickly pushed together, ensuring that your camper van remains fully functional. The thoughtful design is completed with an adjustable backrest, guaranteeing maximum comfort.
